Mr. David Pells  
PMForum  
3829 Canot Lane  
Addison, TX 75001

Dear David,

The Project Management Institute-Greater New Orleans Chapter presents annual awards to those who support the practice of Project Management and the work of our Chapter.

It is with great pride that the PMI-Greater New Orleans Chapter presents you with a well earned Friend of the Chapter Award.

We are truly appreciative of the attention and international publicity that you gave to our chapter for the 2007 Professional Development Summit. You immediately recognized our chapter's innovative step out of the box to disseminate project management principles and practices and by joining efforts with a complimentary professional organization. You met with a few of the 2007 Chapter Board of Directors at the PMI Leadership Conference in Atlanta. You performed your first interview with us to start the promotion of the PDS. During the three-day event, through PMForum web site, you had daily coverage of who was speaking and what programs were in play. You took great interest in promoting our Community Service Day that took place the day before the PDS as we worked with Habitat for Humanity in building a home for one of our displaced New Orleans families.

We look forward to our continued relationship with you and with PMForum as the PMI Greater New Orleans chapter's media partner.

David, please accept our "2007 Friend of the Chapter Award" with great gratitude. You deserve it:

Sincerely,

*Ana Boudreaux*

Ana Boudreaux, PMP  
President
